Gurugram, Haryana, India

I am writing to apply for the summer internship position. I learned of your company through your career website..

As you can see from my attached resume. I developed my web developer skills, through several academic projects and self projects. I have hands-on experience in developing web application. I can work in a wide range of programming languages. Being a part of our collage engineering team as a lead developer for ITRA Projects. Worked with real time data, host web server on RaspberryPi , Developed Router Dashboard . Am also interested taking part in competitive programming challenges. Worked under deadline.

I believe that I would be an asset to your program. This internship would provide me with the ideal opportunity to assist your company and to expand my skills.

I am available full time for next 2 months from 15-may-2018 to 15-july-2018.

Thank you

Sincerely,

Siddhartha
